

Giant Meadow Rue

Thalictrum Rochebruneanum

- ☼ This big, bodacious, clump-forming plant has lots of appeal. Deep wine purple stems are topped with airy flowers of bright, lavender accented by yellow stamens. Blooms in July and August. Dainty, maidenhair fern-like foliage
- ☼ Ideal for woodland settings, naturalizing and at the back of mixed borders
- ☼ Slow to break dormancy in spring but very hardy so be patient
