

# Autumn Fern

*Dryopteris Erythrosora 'Brilliance'*

🌿 This mid sized fern has long, elegant fronds that unfurl in spring a deep orangey copper shade, until the hot weather of summer gradually turns them green. In fall when the weather cools down again they burnish bright copper! They are truly eye-catching in the shady border

Height: 2 Feet

Zone: 4

Partial Sun

Full Shade

Moist, Well-Drained

To help you identify the different varieties of Fern we write a code on the side of the pot. The code for Autumn Fern is A
