

Hens & Chicks 'Emerald'

Sempervivum Supersemps 'Emerald'

- ☼ A jade green centerpiece plant with burgundy flushing when exposed to bright sun and drought.
- ☼ Very drought and heat tolerant, extremely low maintenance. Great for planting in crack and crevices of walkways or stone walls. Makes an effective groundcover and great in containers
- ☼ Comprised of one large rosette (the 'hen') which sprouts many smaller rosettes around it (the 'chicks').

Height: 3-5 Inches

Zone: 3

Full Sun

Drought Tolerant

Dry Soil
