

'The Rocket' Ligularia

Ligularia Stenocephala 'The Rocket'

- ❁ Huge deeply toothed leathery leaves with purple black stems. Flowering begins in midsummer when stalks packed with little buds rise up to 5 feet tall. Little golden daisies, opening from bottom to top, shoot upward like rockets to the sky. Sturdy stems makes a great cut flower
- ❁ Extra large plant that will thrive in a semi-shady border
- ❁ Will tolerate full sun provided sufficient moisture is available

Height: 5 Feet

Zone: 4

Full Sun

Partial Sun

Cut Flower/Foliage

Deer

Butterflies

To help you identify the different varieties of Ligularia we write a code on the side of the pot. The code for The Rocket Ligularia is TR
