

Nodding Onion

Allium cernuum

- ❁ Flower scapes tower above the grass-like green foliage & bear an umbrella shaped clusters of starry pink pendant flowers during summer
- ❁ Usually goes dormant in summer after blooming & leaves disappear until cool weather returns. All parts of the plant have a distinct onion scent.
- ❁ A must have plant for attracting pollinators & butterflies to your garden! Deer & Rabbit resistant. Juglone tolerant
- ❁ Also known as Lady's Leek
- ❁ Native to Ontario

Height: 18 Inches

Zone: 4

**Nodding Onion is in recycled pots,
please disregard any odes written on the pots.**
